## Winners of the Orlando Regional

# SHARK ATTACK

**Westminster Academy®**

# 744

## Robot Performance

- Durable welded assembly
- Top speed is 11 fps
- Very maneuverable
- Designed to easily move over scoring platforms
- Able to quickly handle both totes and containers
- Low center of gravity
- Reliable - no mechanical/ electrical failures in competitions - Motorola Quality Award

## Autonomous

- One or two containers from the step
- Single tote or container from starting zone

## Tote Stacking

- Capable of carrying two stacks at one time
- Maximum load capacity for our lift is 8 totes & 1 container

## Containers

- Able to pick up recycling containers from the step without disturbing totes
- Able to pick up and place recycling containers in any orientation

## Mission Statement

FIRST Team 744's purpose is to glorify God and to exemplify gracious professionalism while equipping students with knowledge of science and technology through creative problem solving and competition in the FIRST robotics program.

## Gracious Professionalism

FIRST Team 744 views gracious professionalism as a unique quality that all team members should aim to display. The team exhibits gracious professionalism by treating teammates and competitors with respect, while still having the highest team spirit possible. They aim to be cheerful when losing, humble when winning, and courteous to all.
